### LAUNCH WEBINAR

Wednesday, 16 February 2022

14.00 - 15.30 CET / 16.00-17.30 EAT

On behalf of UN-Habitat, GLTN, the Housing, Land and Property AoR, NRC and UNHCR, we are pleased to invite you to this special online launch event for the [Key Messages on Women, Land and Peace](#) which will take place online on **16 February 2022** at 14.00 - 15.30 CET / 16.00-17.30 EAT.

The role of women is pivotal to the prevention and resolution of conflicts, peacebuilding and peacekeeping. This role is often undetected and is consistently underreported. To adequately play their role as agents of peace, women need to feel secure in their communities and be empowered to participate meaningfully in decision making and planning. Housing, land and property rights are an essential enabler of both. The '**Key Messages on sustaining peace through women's empowerment and increased access to land and property rights in fragile and conflict-affected contexts**', developed from operational experience and [available in English and Arabic](#), are a quick reference on how to achieve this.

During the webinar, colleagues from UN-Habitat, NRC and UNHCR will present the content of the Key Messages and some examples of their field implementation showcasing:

- How to increase the recognition and protection of women's housing, land and property rights in fragile and conflict-affected contexts
- How to empower and increase women's participation in processes related to land management and housing, land and property rights
- Women's housing land and property rights for conflict prevention and recovery: the humanitarian-development-peace nexus

The event will allow time for questions and discussion.

The webinar will be held in English, with simultaneous translation in English, Arabic and French. [CLICK HERE TO REGISTER](#) and attend the launch of the Key Messages. After registering, you will receive a confirmation email containing information about joining the meeting.
